

PEMBRIDGE CE PRIMARY SCHOOL LEARNING JOURNEY KEY

Pembridge is a school where we encourage everyone to be inspired through faith in God and to live by Christian values so that our teaching and learning is of the highest quality, our whole community flourishes and we reflect all that is worthy of praise.

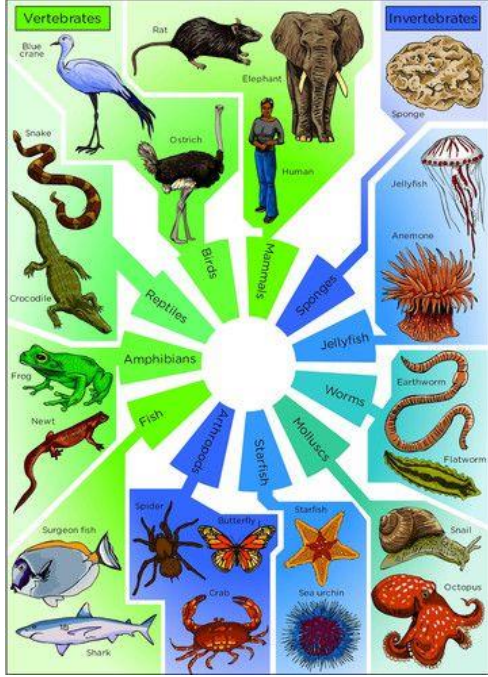

SUBJECT: Science

YEAR: A

TERM: Spring

YEAR GROUPS: 3/4

KEY QUESTION: Which is more important - a worm or a whale?

Question	Vocabulary to use	Information which will help me	Can I...?
What are living things and what do they all need in order to survive?	adapt adaptation amphibian bird carnivore characteristic	 What do you think is similar, or different, about these organisms?  An organism is a form of life. There is a huge number of organisms in the world. They can be grouped according to their characteristics.	- Remember the seven life processes and say why they are important - Write a report about an organism and make reference to some of its life processes - Recognise which organisms are vertebrates and which are invertebrates and explain how I can tell - Devise other ways of grouping organisms and use methods of sorting such as Venn and Carroll diagrams - Identify organisms by using a classification key and make my own classification key..
What information should we include on a report about an organism?	classify classification cold-blooded environment excretion		
Can we group organisms according to whether they are vertebrates or invertebrates?	fish food chain growth habitat herbivore interdependent insect		
In what other ways can organisms be grouped?	invertebrate life process mammal movement nutrition omnivore plant		
What is a classification key and how can we make one?	reproduce reproduction respiration sensitivity		

Life Cycle of a Butterfly
