

PEMBRIDGE CE PRIMARY SCHOOL LEARNING JOURNEY KEYS

Pembridge is a school where we encourage everyone to be inspired through faith in God and to live by Christian values so that our teaching and learning is of the highest quality, our whole community flourishes and we reflect all that is worthy of praise.

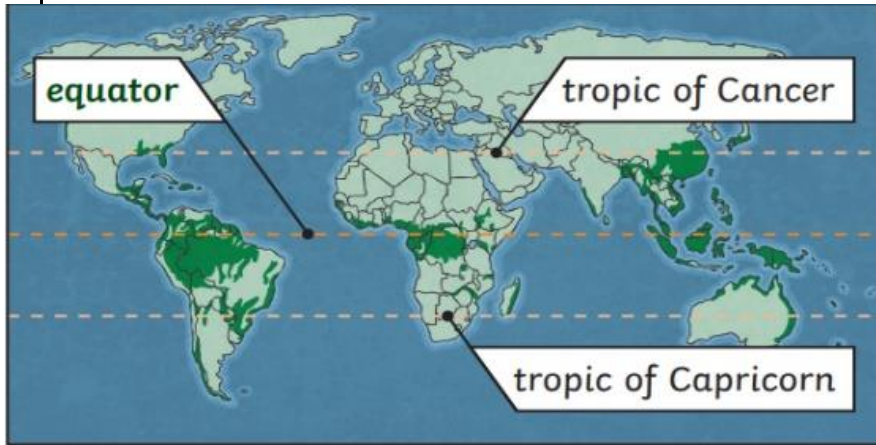

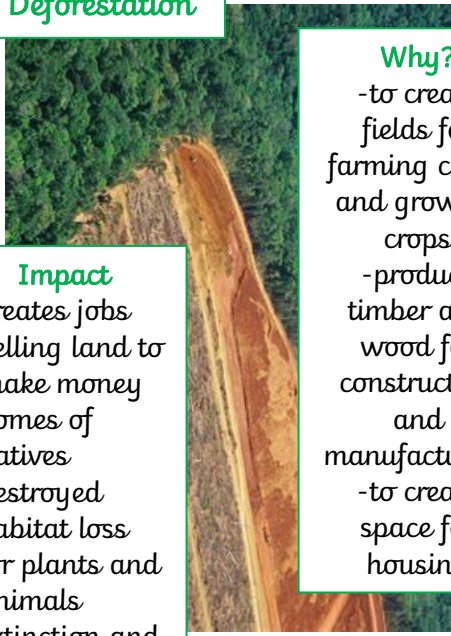

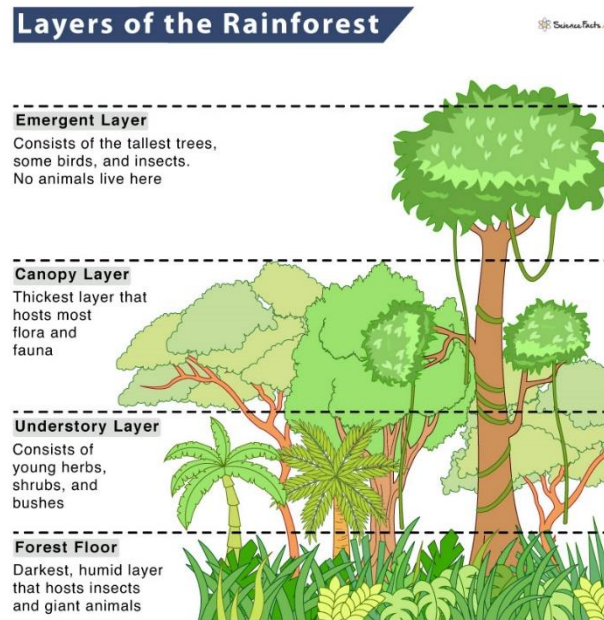

SUBJECT: Geography

YEAR: A

TERM: Spring 2

YEAR GROUPS: 3/4

KEY QUESTION: Could I live in the rainforest?

Question	Vocabulary to use	Information which will help me		Can I...?
Where are the rainforests in the world?	climate		Climate Tropical rainforests are found near the equator between the Tropic of Cancer and The Tropic of Capricorn. Here, it is humid where there is an average of 6cm of rainfall every month.	• locate the world's rainforests on a map; • identify the equator, tropic of Capricorn and Tropic of Cancer; • describe the key aspects of a tropical climate; • describe the animals and plants living in the rainforest; • describe the structure of a rainforest; • compare features of the Amazon rainforest to local woods and measure and record data; • explain the cause-effect of humans on the rainforests.
Where do the animals live in a rainforest?	weather			
	deforestation			
	equator			
	humid			
	native tribes			
	species			
Are there seasons in the rainforests?	tropic of Cancer			
	tropic of Capricorn			
	environment			
	threat			
Are all the trees in a rainforest the same height as the trees in a local wood?	habitat			
	soil erosion			
	measurement			
Why might the animals find it hard to live in the rainforest in the future?	ecosystem			
	biodiversity			
			Deforestation Why? -to create fields for farming cattle and growing crops -produce timber and wood for construction and manufacturing -to create space for housing	
				
		Impact ✓ creates jobs ✓ selling land to make money - X homes of natives destroyed - X habitat loss for plants and animals - X extinction and endangerment
