

PSHE

Living in the wider world
The Value of Rules: How can our choices make a difference to others?

Media Literacy: How is data shared and used?

Computing

We'll be creating animations and uploading them to Seesaw.

Music

What sort of sounds will you hear in Brazil? Samba anyone?

Art / Design and Technology

Art: How can I draw a rainforest creature and then animate it? We'll practise drawing techniques and use iPads to help animate our creatures.

D and T: How can I make a stuffed rainforest animal toy? We'll design and make a simple stuffed toy practising our stitching techniques.

P.E.

We will be developing skills in **orienteering** through sessions with Longtown Outdoor Education; using teamwork in **football**; developing our own routines in **dance** and focussing on striking in **hockey**.

English

We will be reading **Oh Maya Gods** and using extracts from **Charlie and the Chocolate Factory** which will inspire our writing when creating our own **poems, instructions and short stories**.

After half term, we will be aiming to write a **non-chronological** report about a rainforest animal and a **persuasive letter** about deforestation.

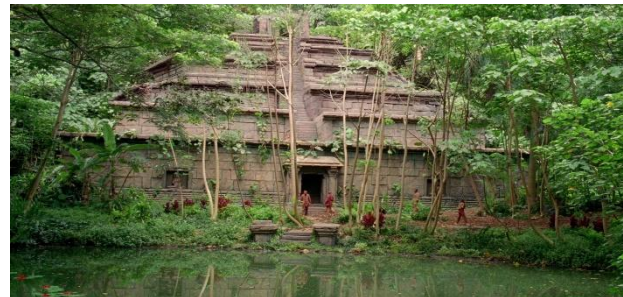

German

We will be practising greetings.

Outdoor Education

For the first half term, Longtown Outdoor will be coming in to lead some sessions with us which will include practising archery!

Class 2 Spring Term

Science

As we explore living organisms, we will be looking at **life processes** and ways of **grouping and classifying organisms**.

After half term, we will be learning about **habitats and food chains**.

History

How were the Maya people different to us?

We will explore and research this ancient civilisation and use our skills to use evidence to make draw conclusions and facts. Using this knowledge, we will be able to make comparisons to life today.

Geography

Could I live in the rainforest?

As well as learning about the geographical features and living conditions in the rainforest, we will also explore the threats faced by the inhabitants. We will also be developing our subject skills as we take, record and interpret measurements such as tree heights.

Maths

Year 2 will be covering the following units:

- Money
- Multiplication and division
- Length and height
- Mass, capacity and temperature

Year 3 will be covering the following units:

- Multiplication and division
- Length and perimeter
- Fractions
- Mass and capacity

Please keep practising number bonds and times tables at home.

R.E.

1. What kind of world did Jesus want?

We'll look at the sorts of things Jesus showed the first disciples he wanted them to follow. We'll visit St Mary's and speak to Rev Anna to identify how our local church and vicar try to make the world as Jesus would want it.

2. How and why do people try to make the world a better place?

We'll take a broader approach to the sorts of things different faiths and those of no faith encourage.
